

## **Audition Video Instructions**

Thank you for your interest in the Resting Place Dance Team! Because of the number of applications that we receive, all applications must include an audition video. If you are selected, you will be called in for an in-person audition. If you would like to audition for flagging only, please mention that in your video. Please distinctly separate the two forms within your video or submit two separate videos for each (Dance/Flagging).

### **PHASE 1 – Choreographed Video**

#### **Dance Video Requirements:**

Please start the video by telling us how long you've been a part of a dance worship team and/or why you are seeking to join the dance team. Provide a 1-2min video of a worship selection from a choreographed piece. Videos of live worship are also accepted. If sharing a video of flagging, please include a video of dancing without flags/banners as well.

### **PHASE 2 - Live Audition**

Live Auditions will be invitation only.

We will email those who we would like to invite for a live audition.
